CORE: NEUTRON™ CORE

My Neutron™ core is all about strong down-lane motion. With a 2.55 RG / .042 differential shape, I've got all that I need to produce a good amount of wreckage.

COVER: PSYCHED™ HYBRID REACTIVE

My all-new Psyched™ Hybrid Reactive Coverstock uses strength and response to bring versatility to an entirely new level. Formulated to create stronger traction in oil and respond stronger to friction, I was built to battle and conquer!

Factory Finish: 3000-grit Pad

CONDITION: MEDIUM - MEDIUM/LIGHT

I come out of the box at a 3000-grit pad finish, and that explains why I have more down lane reaction into the pins. Similar to my relative, the Wrecker™ I sport just a little more attitude. I dare anyone to step into my house on medium to medium-light oil conditions.
