### CORE: TRILIP TIC™

My Trilip tic™ Core keeps things in constant motion and I'm widely appreciated by all kinds of players. Why? Because there is just no need to show me what to do. A throwback? Hardly. I mark the return of a true force to contend with.

### COVER: 67MH™ HYBRID

I'm a modern generation, 67MH™ Hybrid, finished to a 3000-grit pad just like before. I may be stronger, but don't worry. I'm in your grip and we've got it under control.

Factory Finish: 3000-grit Pad

### CONDITION: MEDIUM/HEAVY OIL

They call me a medium to heavy oil performer but don't kid yourself, that doesn't box me in. I can be sanded for more hook or shined for more kick and skid. I refuse to be contained.

Lane Condition: Medium/Heavy Oil
